About & Career Focus

Profile

Software development and full-stack web development

Data analytics with a focus on meaningful insights

Passionate about AI/ML, problem solving, and continuous learning

Academic Focus

Software development

Data Structures & Algorithms (dsa)

Database systems and web architectures

Object-Oriented Design (OOD)

Academic Progression

Technical Skills

Core technologies and tools I work with.

Programming Languages

Java
Python
C++
C

Web & Backend Technologies

HTML
CSS
JavaScript
React
Node.js
Spring Boot
Flask
JDBC

Data & AI Tools

R
R Shiny
Pandas
Matplotlib
Scikit-learn
NLTK

Databases & Tools

MySQL
REST/JSON from
Git/GitHub
VS Code
Intellij IDEA
MySQL Workbench
Postman
Canva

Featured Projects

01 Digital Consent & Permission Management System

Technologies

Java, JDBC, MySQL

Role-based consent workflows

Organisation approval

User management

Audit logs

02 Ultimate Pro Scientific Calculator

Technologies

JavaScript ES6+, Regex

Memory/shift state

Professional calculator UI

03 AI-Based Fraud App Detection Using Sentiment Analysis and Fraud Risk Scoring

Technologies

HTML, CSS, JS, Spring Boot, Flask, Python, scikit-learn, SQL

Sentiment analysis

Fraud indicators

Risk scoring

04 Customer Complaint Analysis Dashboard

Technologies

R Shiny, Plotly, Tidyverse

05 Cricket Performance Analytics

Technologies

Python, Pandas, Matplotlib

06 Amazon Clone Website

Technologies

HTML, CSS, JavaScript, MySQL

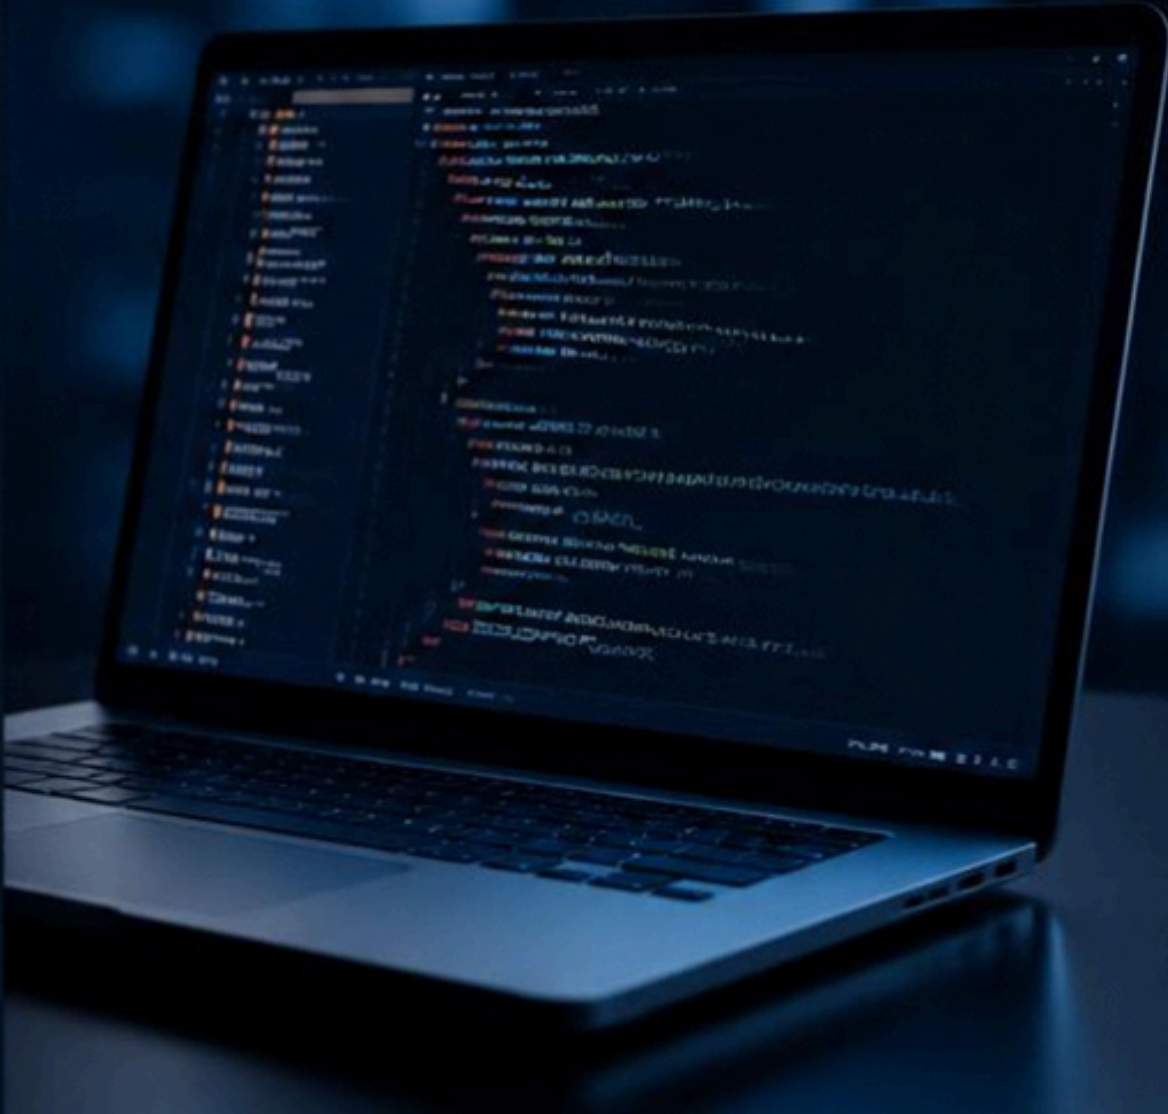

Projects

Projects — Continued

Academic and personal projects across software development, web applications, AI/data analytics, and hardware.

DepositShield	rental security-deposit evidence/dispute solution	Academic/Personal
CivicPulse	civic problem-solving platform	Academic/Personal
SmartBook Campus MVP	campus resource booking and management	Academic
Raspberry Pi Smart Parking System	smart parking with real-time slot detection	Academic
Aura Fitness ASP.NET mini-project	fitness center management system	Academic/Personal
Other academic software work	various course-based development projects	Academic

All projects are academic or personal unless explicitly stated otherwise.

Experience, Workshops & Achievements

Experience

Exam Proctor Intern, EnFuse Solutions (Sept-Oct 2025)

Online exam monitoring, identity verification, malpractice prevention, issue escalation, candidate support

Workshops

IIT Bombay Techfest Dec 2025

Ethical Hacking
Machine Learning

Achievements

First Prize Chemistry Competition Class 12

Academic Merit Certificate, Second Position Class 11

Member of winning inter-school cricket team

Active participant in aptitude tests, technical quizzes, coding challenges

Developer Profile & Contact

B.Sc. Information Technology student at Thakur College of
passionate about building impactful software solutions. Skilled
in full-stack development, data structures, and AI/ML.
